INTERNATIONAL BUREAU POSTPONES MYIBFS SYSTEM PUBLIC MEETINGS FOR JANUARY 2004

The International Bureau announces the postponement of the MyIBFS public design sessions for January 2004.

Due to the significant progress achieved during the first two series of public design meetings held in December 2003, the International Bureau wishes to postpone the follow-up public sessions in January 2004, in order to complete the design and development of a working system prototype. The prototype will enable the public to get a better understanding of the MyIBFS system's features and functionalities and will incorporate as many of the public's suggestions as possible.

Therefore, the original MyIBFS public meetings, scheduled for January 13 and 14, 2004, (see DA-03-3842, dated December 1, 2003) have been cancelled.

The Bureau will issue another Public Notice announcing the next public sessions as soon as the MyIBFS prototype is operational.

Please contact Mary Jane Solomon (202-418-0593; MaryJane.Solomon@fcc.gov) or Jacki Ponti (202-418-0436; Jacki.Ponti@fcc.gov) if you have any questions about this Public Notice.
